PROFESSIONAL SUMMARY

Full Stack Developer with hands-on internship experience at Government of India organizations. Skilled in React.js, Next.js, Angular 19, Node.js, and PostgreSQL with a focus on responsive UI development and clean user experiences. Built and deployed production-ready web apps with REST APIs, RBAC, real-time features, and AI integrations. Strong DSA foundation with 341+ problems solved on LeetCode.

PROFESSIONAL EXPERIENCE

Airport Authority of India

Jun 2025 - Aug 2025

Full Stack Web Development Intern

New Delhi, India

- Built **TaskFlow - MultiLevel** (GitHub / Live Demo), a task management system with multi-level task/subtask nesting, used by **5-10 team members**.
- Implemented **RBAC** with Admin and User roles, real-time WebSocket updates, and a live project progress dashboard for team leads.
- Developed **15+ REST API endpoints** on the **PERN stack** and deployed on Render.

Ministry of Ayush, Government of India

Apr 2025 - May 2025

Full Stack Web Development Intern

New Delhi, India

- Migrated **15-20 pages** of the ministry's website to **Angular 19** and Bootstrap 5, improving load performance and mobile responsiveness.
- Collaborated with a **5-person** engineering team using Git, picking up code review practices and team workflows.

PROJECTS

DSA Intelligence - Personalized LeetCode Practice Platform

GitHub | Live Demo

Next.js, TypeScript, Prisma, PostgreSQL, Tailwind CSS

- Built a full-stack DSA prep platform that analyzes LeetCode submission history to detect topic-level weaknesses and generates personalized daily 3-problem practice plans.
- Implemented **username-based LeetCode import** via GraphQL with recency-weighted weakness scoring across major DSA topics.
- Designed an **AI Mentor** feature answering prep questions grounded in the user's actual performance data, with streak tracking and daily plan sync.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript (ES6+), C++, Python, HTML5, CSS3

Frontend: React.js, Angular 19, Next.js, Bootstrap 5, Tailwind CSS, Framer Motion

Backend: Node.js, Express.js, REST APIs, WebSockets, JWT, OAuth 2.0

Databases: PostgreSQL, MongoDB

Tools: Git, GitHub, Prisma, Cloudinary, Render, Vercel

Currently Learning: Docker, Redis

EDUCATION

Bharati Vidyapeeth College of Engineering

New Delhi, India

B.Tech in Information Technology | GPA: 9.11 / 10

2023 - Expected May 2027

Class 12th - CBSE Board

New Delhi, India

Percentage: 90%

2023

ACHIEVEMENTS & LEADERSHIP

CodeChef College Chapter - Technical Head: Led tech operations for the college society, mentored **10+ juniors**, assigned tasks for events, and developed the society's official website.

YUKTI Innovation Challenge: SafeRoute selected under the National Innovation Repository by YUKTI, Ministry of Education.

Smart India Hackathon 2024: Reached the national finals among thousands of student teams across India.

DSA: Solved **341+ problems** on LeetCode spanning Arrays, Trees, Graphs, DP, and more.
